DESCRIPTION

Unisex quilted coat in a trench-style cut, designed to resist wind and light rain. The outer shell and lining are polyester taffeta with an acrylic coating and diamond quilting, while the interior is polyester-padded to provide thermal insulation. The straight fit shown in the photo allows layering over a sweater, and the corduroy collar adds comfort and a smart finish. Care instructions follow the manufacturer’s label.

Useful details include a zip closure with a storm flap secured by press-studs, two front flap pockets with press-studs and an internal chest pocket for documents. Two press-stud openings at the back improve movement and ventilation. Available in several colours, for example Black and Navy, and in sizes S to XXL.

This personalised coat can be customised using screen printing (screen printing / Transfert Sérigraphique), MSO transfer, DTF printing, flex transfer and embroidery. Customisable from 1 piece on a large range of textile, it suits companies, sports clubs, associations, events and private customers who need a durable, identifiable outer layer.

KEY FEATURES

- Water repellent and hard-wearing.
