DESCRIPTION

The Cheltenham Gold coat is a unisex, diamond-quilted trench-style coat designed for thermal performance with a padded fill and fleece lining. The outer shell is 100% nylon with a polyacrylic coating, the interior is padded 100% polyester with a fleece sandwich for added warmth. A corduroy collar and a sturdy two-way zip with storm flap and poppers deliver wind- and water-resistant protection. Available in several colours including Black and Olive, in sizes XS to XXL.

Functional details include a zipped chest pocket, two flap pockets with poppers, an external zip pocket and two press-stud openings at the back. The 2x2 diamond quilting and neat finishes give a structured fit suited to regular outdoor use; care is straightforward for technical fabrics.

This coat is personalisable on a wide range of textile and can be ordered and marked from one piece. Possible techniques: screen printing transfer, MSO transfer, DTF printing, flex (heat transfer) and embroidery. Recommended for companies, clubs, associations, events and individuals seeking a personalised coat.
