DESCRIPTION

Lightweight children's hi-vis vest in polyester, designed for better visibility on school trips and outdoor activities. Available in three sizes (4/6 to 10/12 years), with bound edges and two 50 mm reflective bands around the body. The sleeveless cut and front hook-and-loop fastening make it easy to put on over clothing.

The vest is simple and practical: thin, flexible fabric with neat binding and flat areas on the chest and shoulders that allow logo application without bulky seams. Its construction suits everyday use and is easy to care for thanks to the polyester material.

This personalised safety vest can be produced from a single piece using suitable techniques: DTF printing, screen transfer (transfert sérigraphique), MSO transfer, flex (flocking) and embroidery. Recommended for schools, clubs, associations, events and private customers. Our studio can vectorise or retouch your logo and you can collect at our Evere workshop or opt for delivery.
