DESCRIPTION

Unisex high-visibility gilet designed to be worn comfortably over other garments. Its loose fit and deep armholes provide freedom of movement while the durable polyester construction keeps the gilet lightweight for active use. Available in several colours such as Fluorescent Orange and Fluorescent Yellow and offered in sizes from S/M to XXL/3XL. The gilet must be worn closed to ensure its effectiveness and should be kept clean to maintain the reflective performance.

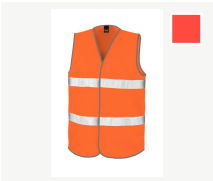

Features include a central velcro fastening, contrast bound edges and two 50 mm sewn reflective bands around the torso for enhanced lateral visibility. The straightforward cut focuses on comfort and long-term wear for professional environments; follow care instructions to preserve the reflective strips and fabric integrity.

This personalised gilet can be decorated by screen printing transfer, MSO transfer, DTF printing, flex or embroidery. Recommended for companies, sports clubs, associations, events and private customers who need team identification or improved visual safety. Customisable from one piece.
