## DESCRIPTION

Unisex padded bodywarmer in 100% polyester, designed for layering over a fleece or jumper. The lightweight wadding provides insulation without bulk, while the water-repellent and windproof finish makes it suitable for outdoor work. Straight cut with shaped armholes for ease of movement; available in several colours including Black, Navy and Red, sizes S to 3XL.

The pictured garment features a high collar and a zip closure with an internal storm flap, two side pockets and an internal pocket. Horizontal quilting secures the wadding and the detachable label allows easy re-labelling. A zipped opening in the left side seam gives access for decoration.

This personalised bodywarmer can be customised from 1 piece using techniques such as screen print transfer, MSO transfer, DTF printing, flex and embroidery. Ideal for companies, sports clubs, associations, events and private customers; our artwork studio can retouch or vectorise your logo.

## KEY FEATURES

- Both warm and lightweight for optimum comfort.
- Water repellent wind breaker perfect for outdoor work.
- Detachable label easy to re-label.

## COLOURS (4)

Black | Navy | Red | Grey
