DESCRIPTION

Women’s softshell with hood in a tailored fit, built for active protection against wind and rain. The three-layer construction combines a stretch outer (93% polyester, 7% elastane), a breathable TPU membrane (1000 g/m²/24h) with 8000 mm water resistance and a microfleece inner for added warmth and comfort. Available in several colour options and sizes S to XXL.

The hood is stowable and adjustable and integrates with a high collar. A zipped chest pocket and zipped side pockets provide secure storage on the move. The soft, flexible fabric and close fit allow good freedom of movement while maintaining thermal comfort; follow the manufacturer’s care instructions for best results.

This personalised softshell can be decorated by screen printing transfer, MSO transfer, DTF printing, flex and embroidery. Recommended for companies, sports clubs, associations, events and individuals looking to kit out teams or offer a technical, customised garment. Single-piece personalisation is available on a wide range of textile; our design studio can vectorise or retouch your logo.
