DESCRIPTION

Men's softshell bodywarmer with a two-layer construction, engineered to be lightweight and flexible while providing lasting warmth thanks to the microfleece inner layer. The outer 100% polyester shell is water-resistant, breathable and windproof; the sleeveless cut offers freedom of movement and works well layered over a sweatshirt or shirt. Follow the supplier washing guidance of 60°C.

The vest features a YKK front zip with chin guard, zippered side pockets and decorative topstitching for a clean finish. A detachable label makes re-labelling straightforward. Available in several colour options (for example Black/Orange, Red/Black, Navy/Royal) and sizes S to 5XL.

This personalised bodywarmer can be customised from one piece: embroidery, DTF printing, flex, transfer or screen printing are all possible depending on the artwork and print area. Suitable for companies, sports clubs, associations, schools, events and private customers. We provide a free quote within 24 hours on weekdays and a studio to retouch or vectorise your logo.
