DESCRIPTION

Men's work shorts with a relaxed fit, made from 80% polyester and 20% cotton serge. The waist combines elasticated sections with belt loops, and a zip fly with a button ensures a secure, comfortable fit. The fabric is durable; an internal control strip confirms water resistance effective up to 12 washes, helping maintain performance in regular use.

The shorts feature multi-use cargo pockets with reflective flap closures using hook-and-loop fasteners, and reinforced seams at stress points for extended wear. Visible interior finishing shows robust construction around the fly, reinforcements and belt loops designed for everyday work demands.

These personalised shorts can be ordered from a single piece and suit companies, sports clubs, associations, schools and private customers for workwear or events. Customisation options include embroidery, DTF printing, flex, screen printing, transfer prints (single and multi-colour), embroidered patches, pad printing and digital printing on items. Our artwork studio can vectorise or refine your logo before production.
