DESCRIPTION

Unisex work coverall in a polyester-cotton blend, built for industrial and technical tasks. It features a roomy cut with an elasticated waist for ease of movement, a stand-up collar and a front zip concealed by a protective flap with hook-and-loop fastening. Reinforced seams at stress points improve durability for heavy use.

The design includes multi-purpose cargo pockets, elasticated cuffs and a D-ring, plus a sewn hanging loop in the collar. Practical details such as pocket flaps and reinforced stitching aid everyday functionality, while reflective tabs increase visibility. Water resistance is effective for up to 12 washes, indicated on an internal removable label. Available in several colour combinations and sizes S to 4XL.

This coverall can be personalised from one piece and suits companies, sports clubs, associations and individuals needing branded workwear. We offer personalised coverall options including screen printing transfers, MSO transfer, DTF printing, flex (heat transfer vinyl) and embroidery. Our studio can vectorise or retouch your logo prior to production.

KEY FEATURES

- Sturdy, resistant and hard-wearing fabric (12 washes).
