Average weight	570 g
For	Unisex
Fit	Straight
Label	Tear-away (ideal for branding)
Standards	ISO 20471:2013 class 2
Country of origin	China
Carton	10 pieces

DESCRIPTION

This unisex reversible bodywarmer pairs a high-visibility front with a plain Navy reverse. Made from polyester with a TPU membrane and polyester lining, it has a sleeveless cut, a stand-up collar and breathable, slightly stretchy comfort. Available in sizes S to 4XL and several colour options (for example Fluorescent Orange / Navy, Fluorescent Yellow / Navy), it is designed for tasks where visibility and freedom of movement matter.

The garment features zipped pockets and a central front zip; the hi-vis side includes printed reflective bands. Soft binding at armholes and hem improves wearability, and the garment ships without a brand label to simplify customisation. It is compact for storage, resistant to abrasive substances and meets EN ISO 20471:2013+A1 Class 2 (with RIS-3279-TOM applicable for the orange option).

This personalised bodywarmer can be marked by screen printing transfer, MSO transfer, DTF printing, flex (heat transfer vinyl) or embroidery. Ideal for companies, sports clubs, associations, events and private customers; it can be personalised from one piece and our graphic studio can vectorise or retouch your logo before production.

KEY FEATURES

- Membrane resistant to abrasive substances.
- Supple, stretchy and comfortable to wear.
- Breathable fabric.
