DESCRIPTION

Men’s fleece jacket designed to provide daily warmth and comfort. It features a straight cut with a full-length zip and a stand-up collar, made from anti-pilling polyester to maintain a neat appearance. Two large side pockets with cotton lining offer practical storage, and an adjustable drawcord at the waist improves fit. Available in several colours, such as Black, Red and Oxford Grey, and in sizes XS to 3XL.

Functional details include elasticated cuffs to keep sleeves in place and a detachable label for easy re-labelling. Seams are straightforward and durable, and the cut works well layered over a polo or shirt for fieldwork or club activities. The inner fleece has a dense texture aimed at thermal retention.

Can be personalised by embroidery: logo on chest, back or pocket as required. Suitable for companies, sports clubs, associations, schools and private customers and can be personalised from one piece. Our graphic studio can retouch or vectorise your logo for the marking.
