DESCRIPTION

Unisex bodywarmer ideal for outdoor work, featuring a polyester outer that is wind- and water-resistant with a 280 g/m² fleece lining for warmth. The cut provides freedom of movement with shaped armholes and a slightly longer back panel for extra coverage. A lightly quilted stand-up collar and central zip closure add comfort and practicality. Available in several colours such as Black, Grey and Navy, in sizes S to XXL.

Two large patch pockets at the front offer easy storage and a dedicated phone pocket keeps small devices secure. Horizontal stitching lines structure the garment and a finished hem ensures the bodywarmer holds its shape during activity. The removable label makes re-labelling straightforward.

This personalised bodywarmer can be personalised from one piece and is compatible with transfer screen printing (transfer), MSO transfers, DTF printing, flex and embroidery. Recommended for businesses, sports clubs, associations, events and private customers seeking a warm, practical outer layer for outdoor use.
