For	Unisex
Label	Sewn-in label
Standards	ISO 20471:2013 class 2
Country of origin	China
Carton	25 pieces

DESCRIPTION

Unisex high-visibility mesh gilet in 100% polyester, designed to provide excellent ventilation and comfortable wear for work sites and outdoor events. The loose cut allows freedom of movement and the lightweight mesh remains breathable during extended use; washable up to 25 cycles. Available in several colours, for example Fluorescent Orange and Fluorescent Yellow, and in sizes S to 3XL. It meets EN ISO 20471:2013+A1:2016 Class 2 (and RIS-3279-TOM for the orange option).

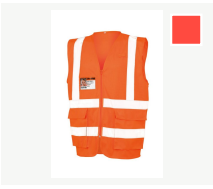

50 mm reflective bands on the body and shoulders increase nighttime visibility. The gilet features a robust front zip, a chest pocket for an access badge, side pockets with hook-and-loop closures and a radio attachment loop — practical for mobile teams. The edges are bound in the same colour for a neat finish.

This personalised gilet can be customised from one piece on a wide range of textiles and is well suited to companies, sports clubs, associations, schools and private individuals. Available marking techniques: DTF printing, Transfer, Screen printing (Transfert Sérigraphique), Flex (flocking) and Embroidery (Broderie). Our studio can retouch or vectorise your logo prior to production.
