Standards	ISO 20471:2013
Country of origin	Bangladesh
Carton	10 pieces

DESCRIPTION

Men’s softshell safety jacket made from 100% recycled polyester, engineered for outdoor work where visibility and comfort matter. The three-layer construction pairs a wind-resistant outer face with a microfleece lining to provide insulation and a comfortable next-to-body feel. Certified to EN ISO 20471:2013+A1:2016 Class 2, it is offered in several colours including fluorescent yellow, orange and black. The straight cut allows easy layering beneath the jacket.

Designed for practical use, the jacket features a durable front zip concealed by a storm flap, zipped front and chest pockets, and hook-and-loop adjustable cuffs to block drafts. Printed reflective bands on the chest, sleeves and shoulders deliver high visibility while preserving fabric flexibility. Reinforced hems and robust seams stand up to professional wear.

Customisation available by DTF printing, MSO transfer, transfer screen printing, flex or embroidery. Suitable for companies, sports clubs, associations, events and private customers looking for a personalised jacket that can be personalised from 1 piece.
