Brand	Result
Composition	65% , 35%
Material	Recycled polyester, Cotton
Fabric weight	240 g/m²
For	Men's
Country of origin	Bangladesh
Carton	20 pieces

DESCRIPTION

This men's work trouser combines recycled polyester and cotton (65/35) in a straight, comfortable cut designed for professional wear. It features an elasticated waistband for an improved fit and six practical pockets, including a cargo pocket for tools or accessories. Available in several colours (e.g. Black, Navy) and sizes S to 5XL, the garment offers a durable, more sustainable option thanks to its recycled materials and recyclability at end of life.

The pictured model shows triple-needle stitching and reinforced stress points for increased longevity. The elasticated waist works with a front fastening and belt loops, while side and cargo pockets provide everyday functionality on site or in a workshop. Easy to care for thanks to the polyester/cotton blend.

These personalised work trousers can be customised from one piece using embroidery, DTF printing, flex, screen printing, transfer prints (single and multicolour), embroidered badges and pad printing where applicable. Suitable for companies, sports clubs, associations, schools and private customers. Free quote within 24 hours on weekdays; in-house design studio to vectorise logos; standard production with express options; collection in Evere or delivery in Belgium, France and Luxembourg.
