Material	Polyester, Elastomultiester
Fabric weight	280 g/m²
Labels and certifications	Recycled polyester
Standards	ISO 20471:2013
Country of origin	Bangladesh
Carton	10 pieces

DESCRIPTION

Fitted safety shorts designed for outdoor work, offered in several colourways including fluorescent Orange and fluorescent Yellow. The stretch fabric blends polyester and elastomultiester to deliver breathability, quick-drying and a crease-resistant finish. An elasticated waist with belt loops, button and zip fastening and a cut finishing above the knee ensure comfort and freedom of movement. Sizes range from S to 4XL.

Functionality is central: seven practical pockets, stretch rear pockets with reflective detail, a hammer loop and triple stitching for durability. Printed high-visibility bands improve worker safety. The garment complies with EN ISO 20471:2013+A1:2016 Class 2 and RIS-3279-TOM Number 2:2019 Class 2 (orange).

These personalised shorts can be customised from one piece and suit companies, clubs, associations and site crews. Personalisation techniques available include embroidery (embroidery), DTF printing (DTF printing), flex (flex), screen printing (screen printing) and transfer. Our studio can vectorise and retouch your logo for production.
