Average weight	515 g
For	Unisex
Label	No label
Labels and certifications	Recycled polyester
Country of origin	Bangladesh
Carton	20 pieces

DESCRIPTION

Unisex fleece jacket made from recycled polyester, suitable for outdoor activities and professional use. It features a straight cut with a full front zip and a stand-up collar; the dense fibre construction offers thermal retention and quick-drying performance. Bound cuffs and hem provide a tidy finish, and the side pockets are fleece-lined for added warmth. Available in several colour options, for example Black, Forest Green or Grey, and in sizes XS to 4XL.

The jacket includes decorative topstitching and a hanging loop at the back; the zippered side pockets secure personal items. The dense fibres help wick moisture away and make the garment easy to care for during regular use.

This fleece can be personalised from a single piece and suits companies, sports clubs, associations and individuals. Customisation is possible by embroidery, ideal for a durable, high-quality finish on this textile. Our design studio can vectorise or refine your logo prior to production.
