Reference	R916X
Brand	Result
Composition	100% Polyuretane
Material	Polyurethane PU
Fabric weight	200 g/m²
For	Unisex
Country of origin	Bangladesh
Carton	10 pieces

DESCRIPTION

This unisex trouser is made for wet-weather protection and suited to outdoor professional use. The outer layer is polyurethane with a recycled polyester back, featuring a straight cut, elasticated waistband and ankle press-studs visible in the photo. Welded seams ensure waterproofing and the matte PU surface is low-maintenance—wipe clean and air dry. Available in several colours (e.g. Black, Navy) and sizes S to 3XL.

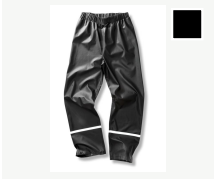

Practical details include reflective bands around the lower legs for increased visibility and a roomy fit that allows layering underneath. The breathable rear helps reduce internal moisture, while the ankle press-studs accommodate boots. The welded seams and robust finishes deliver reliable performance in regular outdoor wear.

This personalised trousers option can be customised from one item using embroidery, DTF printing, flex, screen printing, transfer prints, embroidered badges or pad printing depending on location and desired effect. Suitable for companies, sports clubs, associations, schools and private customers; our graphic studio can retouch or vectorise your logo prior to production.
