Label	No label
Country of origin	Bangladesh
Carton	20 pieces

DESCRIPTION

Recycled polyester plaid designed to provide cosy warmth and comfort at home. The dense knit offers good heat retention and quick-drying properties, finished with a stitched border for a tidy edge. Made from 100% post-consumer PET recycled yarns, it is suitable for everyday use and straightforward care.

Available in one size, the plaid has a soft handfeel and a construction meant to limit piling. Its dense fabric makes it practical for lounging on the sofa or for outdoor events, and the product can be recycled at end of life.

This personalised plaid can be customised from one piece by embroidery (embroidery), making it a practical choice for companies, sports clubs, associations, schools and individuals. Our studio can retouch or vectorise your logo before marking.

KEY FEATURES
