DESCRIPTION

Unisex 6-panel cap made from anti-pilling polyester fleece, designed to provide warmth without bulk. The low-profile cut and integrated fold-away earflaps deliver comfortable insulation, while the structured peak keeps its shape. One Size with an adjustable YKK fastening ensures a secure fit. Care as per garment instructions helps preserve the anti-pilling finish.

Built for outdoor use, the cap features even stitching and a close-fitting 6-panel construction for good wearability. Earflaps tuck neatly inside when not needed, maintaining a clean silhouette. Available in several colourways, for example Black, Forest and Navy.

This personalised 6-panel cap can be customised from a single piece using embroidery, screen printing/transfers, DTF printing and flex. Recommended for companies, sports clubs, associations, schools, youth movements and individuals seeking a practical branded headwear option.

KEY FEATURES

- Quality fleece (anti-pilling).
