DESCRIPTION

Unisex 5-panel cap with an elongated profile offering ear and neck protection, made from 100% polyester (115 g/m²). The cap features a rounded visor and an adjustable rear cord to fit different head shapes. The front is produced without a central seam to provide a smooth surface for printing, while the polyester fabric keeps the cap lightweight and easy to care for.

Visible details include a slightly curved peak and an extended rear flap that covers the neck; panel seams are kept minimal to avoid interrupting prints. One size fits most, making it practical for outdoor teams and event staff.

Customisable as a personalised 5-panel cap from a single piece, it accepts screen printing transfer, MSO transfer, DTF printing, flex (heat transfer vinyl) and embroidery. Recommended for companies, sports clubs, associations, schools, youth movements and individuals seeking a protective, branded cap.
