Country of origin	China
Carton	150 pieces

DESCRIPTION

Unisex classic beanie in a double-layer knit, made from 100% acrylic with a 3M insulation treatment for improved cold protection. The one-size construction provides a comfortable, stretchable fit suitable for outdoor winter use or workwear requiring warmth and durability. Available in several colours, for example Navy, Black and Orange.

The beanie features a roll-up hem that can be worn with or without a cuff; the double thickness increases thermal performance while maintaining flexibility and comfort. Discreet seams keep the shape neat without adding bulk, making it practical for regular use in professional or leisure contexts.

This personalised beanie is ideal for embroidery, offering a clean, long-lasting mark. At YourVisualHere we can vectorise and prepare your logo in our studio for stitching. Recommended for companies, sports clubs, associations, events and private customers — it can be personalised from one piece.
