DESCRIPTION

Unisex 6-panel cap with a low profile, made from 100% nylon with a fluorescent PVC coating. The offset centre panel and pre-shaped peak provide a comfortable fit and reliable wear; the lightweight fabric dries quickly and is easy to care for. Available in several colours, including Black, Navy and Orange, in One Size with an adjustable Velcro® closure.

The cap features stitched eyelets for ventilation, a 3M reflective mesh on the peak and a reflective insert at the rear to improve visibility. The sewn 3M™ label is removable for easy re-labelling, simplifying identification and stock handling.

This personalised cap can be personalised from 1 piece and suits companies, sports clubs, associations, schools and private customers. Possible techniques: screen printing (Transfer Sérigraphique), MSO transfer, DTF printing, flex and embroidery. Our artwork studio can retouch or vectorise your logo to ensure the best result for the applied decoration.
