Labels and certifications	Recycled polyester
Country of origin	China
Carton	100 pieces

DESCRIPTION

Unisex reversible bucket hat made from recycled polyester, offering a durable serge look and comfortable fit. The two-panel construction features a wide circular band and a double-stitched brim with an 8-point finish that helps the hat keep its shape. Available in sizes S/M and L/XL and in several colourways (for example Black, Bottle, Grey).

The contrasting reverse lets you switch the style quickly, useful for outdoor events, promotional stands or team wear. Its soft yet structured fabric resists deformation and the unstructured brim makes the hat easy to fold and store.

This personalised bucket hat can be ordered from 1 piece and suits companies, sports clubs, associations, events and private customers. Customisation techniques available: screen printing transfer, MSO transfer, DTF printing, flex flocking and embroidery. Our in-house artwork studio can retouch or vectorise your logo before production.
