DESCRIPTION

Women's softshell with a tailored fit, crafted from 94% polyester and 6% elastane with Bionic-Finish® Eco DWR. The jacket combines a hydrophobic membrane with windproof and breathable performance, suitable for outdoor use and everyday wear. It features a high collar with chin guard and a micro-pique inner front for lightweight insulation. Sizes XS to XXL.

Details that matter: contrast zips, seamless shoulders, ventilated hydroshell panels under the arms and zipped pockets with flaps (chest and sleeve). An internal mesh media pocket and adjustable cuffs with Velcro add functionality. An internal zip allows easy access for decoration.

Customisable on a wide range of textile and available from one piece, this personalised softshell can be decorated by embroidery, DTF printing, flex and screen-print/transfers. Suitable for companies, sports clubs, associations, events and private customers; our studio can retouch or vectorise your logo.
