Country of origin	Bangladesh
Carton	30 pieces

DESCRIPTION

The Skate unisex windbreaker in RPET is designed for everyday wear and events. This lined style features a water-repellent outer shell and a mesh lining for ventilation without added bulk: straight cut, integrated hood and long sleeves to block the wind. Available from XS to 3XL, it suits teams, clubs and event use. It comes in several colourways, for example Royal/Fluo Yellow, Black/Dark Grey and Navy/Royal.

The jacket shown has a contrasting full-length zip, two zipped side pockets and elasticated cuffs to retain warmth. The hood is shaped for a close fit and the mesh lining improves comfort and breathability during activity. Details and finishes are chosen for frequent use and straightforward care following the manufacturer’s instructions.

This personalised windbreaker can be decorated by screen printing (sérigraphie) to apply clear logos and artwork to the outer face. Suitable for companies, sports clubs, associations, events and private customers. Minimum order: 15 pieces (colours and sizes combined). Free quote and in-house graphic adjustments available before production.
