Country of origin	Bangladesh
Carton	10 pieces

DESCRIPTION

The Wilson Bw Men is a slim-fit men's bodywarmer designed as a lightweight sleeveless jacket for transitional seasons. Both shell and lining are polyamide with horizontal quilted baffles that provide insulation while keeping a low profile. It features a central zip, a small stand-up collar and an in-bag pack system with stoppers for compact storage. Available in several colourways (for example: Noir, French Marine, Royal) and sizes S to 3XL.

Practical details include two zipped front pockets and two interior pockets to secure small items. The filling is currently 90% down / 10% feather until existing stock is exhausted, then it will transition to a 60% Sorona / 40% recycled polyester mix. The close cut makes it easy to wear under a jacket; care should follow the material specifications for shell and lining.

This personalised bodywarmer is suitable for embroidery to brand corporate apparel, sports clubs, associations, youth movements, events or private orders. Minimum order quantity: 5 pieces (sizes and colours combined). Our artwork studio can retouch or vectorise your logo prior to embroidery.
