DESCRIPTION

The Wilson Men down jacket is a slim-fit men's coat with a small stand-up collar that helps keep warmth at the neck. Made from RPET (recycled polyester) with horizontal quilting, it packs into its included carry pouch with stoppers for easy transport. A full zip, two zipped outer pockets and two inner pockets make it practical for everyday wear and travel.

Available in several colours (e.g. Black, French Marine, Royal) and sizes S to 3XL. Note: some batches are filled with 90% down/10% feather until stock is exhausted, after which production transitions to a 60% Sorona/40% recycled polyester fill. The synthetic fabric and compact construction keep care straightforward.

This jacket is ideal as a personalised down jacket by embroidery. Suitable for companies, sports clubs, associations, events and private customers looking for a lightweight, durable outer layer with their logo. Minimum order: 5 pieces (colours and sizes combined). Embroidery can be placed in multiple positions; our studio can vectorise your logo for production.
