DESCRIPTION

Children's bodywarmer in RPET, designed to provide lightweight warmth without restricting movement. It features a sleeveless cut with a standing collar and horizontal quilted polyester filling for comfort and insulation. Both outer and lining are made from recycled polyester for easier care and reduced environmental impact. Available in several colours, including Black and French Marine, and in sizes L to 5XL (6 sizes).

The full-length front zip and zippered side pockets offer practical, secure storage. Elastic-bound armholes and hem improve fit, and the garment comes with a storage pouch — convenient for outdoor activities and school trips.

This personalised bodywarmer is particularly suited to embroidery (borduren) to brand school uniforms, sports clubs, associations, companies or event merchandise. Minimum order: 13 pieces (colours and sizes combined). Our in-house design studio can vectorise or retouch your logo before production.
