DESCRIPTION

The unisex Thermal T crew neck is a waffle-knit thermal tee in 100% undyed cotton (20% recycled), designed to deliver warmth and comfortable wear in a relaxed cut. Long sleeves with ribbed cuffs and a ribbed neckline provide a tidy fit and added durability. Available in sizes S to XXL, it’s suitable for everyday wear and layering; care with a gentle wash and moderate drying will help keep the waffle texture and shape intact.

Practical details include ribbed collar and cuffs, overlocked hem and slightly dropped shoulders for a casual drape that works well for staff uniforms or volunteer apparel. The textured surface improves insulation while remaining breathable.

This personalised crew neck is ready for customisation for companies, sports clubs, associations, events and individuals. Possible techniques: DTF printing, flex, multicolour transfers and embroidery. Minimum order: 25 pieces (sizes and colours combined). Our graphic studio can retouch or vectorise your logo before production.
