DESCRIPTION

The Shield is a unisex windbreaker designed to shield from light rain and wind, with a straight cut and practical features. According to the product description it is made from recycled polyester with a water-repellent finish. It includes an adjustable hood with drawcord, a central zip and elasticated cuffs and hem for a secure fit. The lightweight fabric can be packed into one of the pockets, making it convenient for outdoor events and mobile teams. Available in six colours, for example Black, White and Royal, and in sizes XS to XXL.

Useful details shown by the model include two front pockets with velcro closures, an integrated hood and a zip fastening. The construction suits regular use and the jacket layers easily over a polo or sweatshirt; follow the garment care label for washing instructions.

Personalise this personalised windbreaker using screen printing for companies, sports clubs, associations, events or private customers. Minimum order: 25 pieces (colours and sizes combined). Our design studio can retouch or vectorise your logo prior to printing.
