DESCRIPTION

Men's cycling gilet, lightweight with a unisex cut, designed for layering on rides. Made from nylon, it features a stand-up collar and a front zip with a puller that includes a reflective detail. The upper back is mesh (90% polyester / 10% elastane) for ventilation and the back panel is longer to suit the riding position. The product is available in multiple colours, for example Neon Lime.

There are no visible pockets, favouring a streamlined fit and practical performance. Reflective prints on the front and back improve visibility in low light, and the quick-drying fabric keeps maintenance simple.

Personalised gilet available from 1 piece using screen printing transfer, MSO transfer, DTF printing or flex. Ideal for cycling clubs, sports associations, businesses and events; our creative studio can retouch or vectorise your logo.
