DESCRIPTION

Unisex polo made from 100% polyester birdseye mesh, designed for sports and professional use where breathability and fast drying are required. It has a loose cut for freedom of movement, high-tech stretch with shape memory and a light weight (135 g/m²) for comfortable wear. The ribbed collar and three-button placket provide a classic, tidy finish. Polyester fabric makes it easy to care for and suitable for frequent washing.

The shirt shows shoulder and sleeve seams placed on top for a clean look, and short sleeves that allow good arm mobility. The loose fit and fine mesh promote moisture wicking during activity, while collar and hem finishes keep the garment looking neat in regular use. Available in several colours and sizes XS to 3XL.

This personalised polo can be customised from a single item using embroidery, screen print transfers, MSO transfer, DTF printing or flex. Suitable for companies, sports clubs, associations, schools, events and private customers. Our design studio can vectorise or retouch your logo; free quote within 24 hours on weekdays.
