DESCRIPTION

The Jupiter Pro coverall is a durable workwear piece for men, designed for practical use. It features a stand collar, a double injected front zip, an elasticated back waist and six pockets, plus back pleats to ease movement. Made from polycotton (65% polyester - 35% cotton), it balances robustness with everyday comfort and should be washed following the manufacturer's guidance to preserve fittings and colours. Suitable for construction, workshops and technical roles.

We supply a custom personalised coverall with logo using embroidery, screen printing (sérigraphie), DTF printing, flex or multicolour transfer. Ideal for companies, clubs, associations, events and private customers. Our studio can retouch or vectorise your logo and we provide a free quote. Collection in Evere or delivery to Belgium, France and Luxembourg.
