DESCRIPTION

Women's sports bra SK235 features a cropped fit with a racerback design and seamless construction for a snug, supportive feel. Made from a blend of polyamide, polyester and elastane, it delivers stretch and comfort and includes a detachable label for chafe-free wear. Available in sizes S to L, it can be personalised from a single piece.

The slightly higher underbust band and wide shoulder straps help distribute support for low to medium impact activities. The seamless finish minimises rubbing and simplifies care while the fabric keeps its shape through repeated wear.

This personalised sports bra can be decorated using transfer, DTF printing, flex, embroidery or screen-print transfer techniques. Suitable for companies, sports clubs, associations, events and private customers, our design studio can vectorise or refine your logo before production.
