DESCRIPTION

Women's tank top in lightweight jersey, ideal for training and active wear. The fit is relaxed with a longer back and a wide racerback panel in mesh that improves breathability and freedom of movement; the body in a polyester/rayon blend gives a soft handfeel. Round neckline and bound armholes ensure a neat finish, and a detachable label makes re-labelling simple. The top is available in several colours and sizes (XS to XXL).

The mesh back features a long central split that can be worn open or tied for a different look; external shoulder seams add strength for repeated wear. Thanks to the synthetic blend it is easy to care for and keeps its drape after washing.

This personalised tank top can be ordered from one piece: available marking techniques include screen print transfer, MSO transfer, DTF printing, flex and embroidery. Suitable for sports clubs, associations, companies, events or private customers — our graphic studio can retouch or vectorise your logo.
