Country of origin	China
Carton	72 pieces

DESCRIPTION

Designed for active women, the TL696 seamless sports bra features a close-fitting cut with a racerback and mesh inserts on the front straps. Made from nylon and elastane (265 g/m²), it includes a V-insert at front and back, removable padding for adjustable support, tonal binding at the neckline and armholes, and a detachable label for easy re-labelling. Available in several colours such as Black and Dark Grey Marl, in sizes XS to L.

The seamless construction prioritises comfort and freedom of movement: smooth edges reduce irritation and the shaping fabric offers a supportive, streamlined fit. Removable pads allow you to increase or decrease support depending on the activity, while the racerback keeps straps secure during exercise. Care is straightforward and suited to synthetic blends.

This personalised sports bra can be ordered from 1 piece and is ideal for companies, sports clubs, associations and individuals. Customisation options include DTF printing, screen printing, transfer, flex and embroidery. Our design studio can vectorise or retouch your logo before production.
