DESCRIPTION

Oversize canvas shopping (totebag) featuring a vintage leopard print, made from 100% recycled cotton (GRS). The bag has a spacious rectangular shape with a flat base, practical for carrying documents, groceries or personal items. Long fabric handles allow shoulder or hand carry, and the washed look of the material gives natural tonal variations from the dyeing process.

The construction is straightforward and sturdy, with visible side seams and a reinforced base to support everyday use. A detachable label simplifies rebranding. The all-over print covers the full surface, making this totebag a distinctive option within several colourways.

This personalised shopping (totebag) can be personalised from a single piece. Marking is available by screen-print transfer, MSO transfer, DTF printing or flex, depending on the desired finish. Suitable for companies, sports clubs, associations, events and private customers looking for a statement tote with rebranding possibilities.
