Brand	Westford Mill
Composition	100% Cotton
Material	100% Cotton
Fabric weight	610 g/m²
Average weight	420 g
Country of origin	India
Carton	20 pieces

DESCRIPTION

This tote bag is made from heavy cotton canvas (610 g/m²) and is available in several sizes (S to L). Its relaxed cut and dense fabric give the bag good structure while remaining easy to fold and store. The sturdy rope handles shown in the photo provide comfortable, reliable carrying. The natural finish makes it suitable for daily use, from shopping to storage and event giveaways.

The model offers a smooth, thick surface ideal for graphic applications and printing. There are no visible technical features that complicate use; gentle washing is recommended to preserve the canvas and rope handles. Size options allow you to choose the right capacity for documents, purchases or larger items.

Personalised tote bag available from one piece, compatible with DTF printing, transfer printing (including screen printing transfer and MSO transfer) and flex. Suitable for companies, sports clubs, associations, events and private customers; our studio can vectorise or retouch your logo and we provide a free quote within 24 hours on weekdays.
