Labels and certifications	Recycled polyester
Standards	NF EN 17353
Country of origin	CN|TR
Carton	30 pieces

DESCRIPTION

Unisex polo designed for workwear, knitted in piqué interlock (60% combed cotton / 40% recycled polyester) with a standard cut providing comfort and durability. It is suitable for industrial and domestic washing at 60°C with tunnel drying. The polo features a 1x1 rib collar and sleeve hems, plus an internal neck tape. It complies with PPE requirements (NF EN ISO 13688:2013, NF EN 17353:2020 Type A) for enhanced visibility.

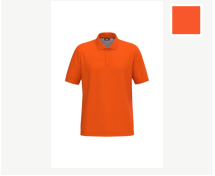

Functional details include a placket with two hidden snap buttons, serge shoulder reinforcements to prevent distortion during industrial laundering, an RFID pocket at the hem under the label and a double-needle hem finish. Available in multiple sizes (XS to 5XL) and in fluorescent colour options.

This personalised polo can be ordered from one piece and customised using embroidery, DTF printing, flex, screen-print transfer and Transfert MSO. Well suited to companies, sports clubs, associations, schools, events and private customers; our design studio can vectorise or retouch your logo before production.
