DESCRIPTION

The WK276 long-sleeve polo for men features a straight cut and a professional, comfortable fit. Made from a 65% polyester / 35% cotton piqué, it delivers a soft handle and good dimensional stability; the antibacterial and anti-pilling treatment increases hygiene and it is washable at 60°C. The ribbed collar with a three-button placket and ribbed cuffs give a clean, functional finish.

The design includes side vents with a contrast band for freedom of movement and double-needle hem stitching for durability. Available in several colours such as Navy, Forest Green and Dark Grey, and in sizes S to 5XL, it is suited to workwear, field teams and operational staff.

This personalised polo can be customised from a single piece. We apply branding with Screen-print transfer, MSO transfer, DTF printing, Flex (flocking/flex) or Embroidery; our studio can vectorise or retouch your logo. Recommended for companies, sports clubs, associations, events and private customers seeking a professional branded polo.

KEY FEATURES

- Made from combed cotton that is supple and comfortable to wear.
- SilverPlus® antibacterial treatment, an innovative textile coating process that reduces odours and bacteria.
- Resistant to washing at 60°C, low temperatures and dry cleaning.
