DESCRIPTION

This men's antibacterial T-shirt blends combed cotton and polyester in a jersey knit for comfortable all-day wear at work. The straight cut provides a clean, practical fit suited to teams and daily use. It is machine-washable at 60°C and features a Vortex anti-pilling yarn (except Oxford Grey) plus an antibacterial finish to simplify care. Available in several colours including White, Black and Navy, sizes run from S to 5XL.

The garment shows a round neckline with a contrasting jersey neck tape, 1x1 rib at the collar and twin-needle hems at the sleeves and body. The Tear Away label makes it easy to remove the brand before decoration, which is useful for chest, back or sleeve prints.

This personalised T-shirt can be ordered from 1 piece and accepts: screen printing transfer, MSO transfer, DTF printing and flex. Ideal for companies, sports clubs, associations, events and private customers. Our studio can retouch or vectorise your logo to ensure optimal printing.

KEY FEATURES

- Washable at 60°C.
