Standards	NF EN 17353
Country of origin	CN|TR
Carton	50 pieces

DESCRIPTION

Unisex work T-shirt in interlock pique with a standard cut, 1x1 ribbed collar and internal neck tape. Shoulder reinforcements in twill reduce deformation during industrial washing. Made from combed cotton blended with recycled polyester, it is suitable for industrial and domestic washing at 60°C and features double-needle hemming on sleeves and body. A discreet RFID pocket is positioned at the hem beneath the label. Available in several colours, for example Fluorescent Orange and Fluorescent Yellow, and in sizes XS to 5XL.

The T-shirt is PPE Category II compliant to NF EN ISO 13688:2013 and NF EN 17353:2020 (Type A) and meets industrial laundering procedures per NF EN ISO 15797:2018. The construction and finishes make it a practical choice where enhanced visibility and repeated industrial washing are required.

Order this personalised T-shirt from 1 piece for companies, sports clubs, associations or events. Personalisation techniques offered: screen print transfer, MSO transfer, DTF printing and flex (flock). Our artwork studio can vectorise or retouch your logo; free quote within 24 hours on weekdays. Collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
