DESCRIPTION

Unisex sweatshirt in recycled polyester and combed cotton, designed for professional use where enhanced visibility is required. It has a standard fit, crew neck, 1x1 rib at cuffs and hem and an inner neck tape for comfort. Brushed LSF 3-ply fleece suitable for industrial and domestic washing, shoulder twill reinforcements to prevent distortion and a discreet RFID pocket at the garment hem.

The sweatshirt is offered in several colours including Fluorescent Orange and Fluorescent Yellow, in sizes XS to 5XL. Ribbed trims and reinforced seams give reliable wear for work environments; the brand label is woven. The product meets PPE visibility requirements (NF EN 17353:2020 Type A and NF EN ISO 13688).

This personalised sweatshirt can be ordered from one piece on a wide range of textiles and customised by DTF printing, screen transfer, MSO transfer, flex (heat transfer) or embroidery. Suitable for companies, clubs, associations, events and private customers requiring visible, long-lasting workwear.

KEY FEATURES

- Improved visibility PPE garment compliant with the NF EN 17353 standard.
