DESCRIPTION

Women's work blouse in polycotton serge (65% polyester, 35% cotton) designed for professional environments. It features a fitted cut with front and back darts for a feminine shape, a V-neck and short sleeves for everyday comfort. The durable fabric is suitable for industrial washing (ISO 15797, 75°C — 20 cycles) to maintain appearance during repeated use. Offered in several colours such as White, Navy or Snow Grey, in sizes XS to 3XL.

The asymmetrical snap-button closure and contrast piping along the placket provide a practical, neat finish. Two front pockets — one with a double compartment and inner pocket with contrast trim — make storing tools and accessories easy. A name label inside allows simple identification.

This personalised work blouse can be customized by screen transfer, transfer MSO, DTF printing, flex or embroidery. Suitable for clinics, salons, schools, associations and corporate events; customisation available from one piece with support from our design studio.
