Carton	20 pieces

DESCRIPTION

This eco-responsible multi-pocket trousers for men pairs comfort with durability through a straight cut and a partly elasticated waistband with belt loops. Woven in a twill fabric blending organic cotton, recycled polyester and elastane, it delivers reliable wear and ease of movement for everyday work. Machine washable at 60°C, it is finished with double-needle stitching for enhanced longevity.

Practical features include two front slant pockets (one with a coin pocket), two side cargo pockets with flaps, two rear pockets with hook-and-loop closures, a crotch reinforced by triple topstitching and pocket reinforcement stitching for toughness. A tool hanging loop on the left rear pocket and an internal belt attachment add functionality. The trousers come in several colours — for example Black, Camel or Dark Grey — and range from XS to 5XL.

These personalised trousers can be customised from a single piece and suit companies, sports clubs, associations and private customers who need functional workwear. Available marking techniques include embroidery, DTF printing, flex, screen printing, transfer, embroidered patches and pad printing.

KEY FEATURES

- Multiple pockets for added storage and hanging loop for tools
- Twill fabric: lightweight and tear-resistant.
- Elasticated belt for extra comfort.
