Country of origin	BD|PK
Carton	20 pieces

DESCRIPTION

Unisex long-sleeve undershirt designed to retain warmth, made from 80% polyester and 20% viscose (220 g/m²). The slim fit and round neckline shown in the photo provide a close, comfortable base layer under workwear or technical garments. Long sleeves and double-needle finishes at the cuffs and hem improve durability while the blended fibres keep care straightforward.

The garment is available in 1 colour (Black) and in sizes from XXS to 4XL. Its fitted cut functions as an effective thermal base layer: discreet seams and a flat hem to remain unobtrusive under outer layers. Suitable for outdoor activities or professional environments where additional insulation is needed.

This personalised undershirt can be customised from one piece using screen transfer, MSO transfer, DTF printing or flex. Recommended for businesses, sports clubs, associations, schools, youth movements and private customers; our graphic studio can vectorise or retouch your logo. Free quote within 24 hours on weekdays, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.

KEY FEATURES

- Heat retention.
