DESCRIPTION

This unisex fleece features a straight cut and a stand-up collar for comfortable everyday wear. Made from recycled polyester with a touch of elastane, the double-faced micropolar fabric includes a breathable membrane that insulates against wind, cold and moisture while allowing perspiration to escape. Anti-pilling treatment and CORDURA reinforcements on the shoulders, under the sleeves and hem improve durability. Available in several colours (Black, Dark Grey, Navy) and sizes XS to 6XL; follow the manufacturer’s care instructions for washing.

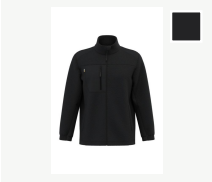

Practical details include a nylon zip with chin guard, two piped side pockets and a chest patch pocket in CORDURA with a zip. Elasticated cuffs, double-stitched hem and an internal hanging loop at the back complete the garment for professional or active use.

This personalised fleece can be customised from 1 piece on a large range of textile. Personalisation is available by embroidery (embroidery) — suitable for companies, sports clubs, associations, schools and private individuals looking for a durable, high-quality result.
