DESCRIPTION

Work backpack in one size, made from polyester with a reinforced structure to carry both a laptop and tools. The waterproof material protects contents on-site, while padded shoulder straps with a rigid reinforcing strip provide comfort and stability under load. Care is simple with surface cleaning appropriate for polyester.

Inside, a padded laptop compartment with lateral reinforcement sits alongside a fully organised tool panel: a reinforced mesh pocket for fragile items, looped holders for bits and small tools, side pockets and a large front pocket ideal for quick access. The top handle features safety stitching to lift the pack even when fully loaded.

This item can be ordered as a personalised backpack from one piece on a wide range of textile. Customisation techniques available: screen printing transfer, MSO transfer, DTF printing, flex. Suitable for companies, tradespeople, sports clubs, associations, events and private customers. Our graphic studio can retouch or vectorise your logo.
