DESCRIPTION

Roll-up tool pouch in polyester designed for storing and transporting hand tools. One size fits all, with up to ten individual pockets for items like screwdrivers, pliers and wrenches. The pouch rolls up to save space; the polyester construction keeps it lightweight and durable while being easy to clean and quick to dry.

A top flap protects tool ends and two metal eyelets at the upper corners allow hanging or securing the pouch on site. The single-row pocket layout gives clear organisation and fast access to tools, practical for workshops and on-the-job use.

This personalised bag can be ordered from one piece and comes in several colours, for example navy and black. Personalisation options include screen print transfer, MSO transfer, DTF printing and flex heat transfer. Suitable for businesses, workshops, clubs and private customers. We provide a free quote within 24 hours on weekdays, standard production in 10 working days; collection at our Evere studio or delivery in Belgium, France and Luxembourg. Our studio can retouch or vectorise your logo.
